Compatibility and Best Practices:

- Runs on a wide variety of digital platform, from office printers to midrange printers to production digital presses.
- RIT qualified for Kodak NexPress (Using NexPress shield kit).
- Since it is paper Digital MagneCote can be printed on offset and DI presses using standard inks

Applications and Characteristics:

- Can be scored, folded, die cut, perforated, foil stamped, glued and mailed.
- Lighter and less expensive than conventional magnets
- For use as calendars, coupons, business cards, reminders, restaurant promotions, delivery service phone numbers, sports and event schedules
